MISSION STATEMENT

TO PROVIDE QUALITY WORK
WITHIN BUDGET AND TIME FRAME

BY
TOTAL QUALITY MANAGEMENT APPROACH

INTRODUCTION

FIELDMARK CONSTRUCTION LTD. (RC: 368,452) is a purely indigenous construction firm. It is managed by a team of seasoned and tested professionals: Engineers, Architects and planners, etc who have acquired practical experience in planning, designing, costing and construction of different types of civil and building engineering works/projects.

VISION & OBJECTIVES

The company's vision and objective is to build, sustain and remain thoroughly professional and most efficient construction outfit that believes and applies total quality management techniques to materials, equipment and experienced personnel. The company equally strives to understand and define the need of the client's right from the onset to enhance proper planning and execution. Paramount among our objectives is the personal attention we give to our clients and they have been the main source of works through recommendation.

SCOPE OF BUSINESS

The company has the capacity and proven track record to render first class services in the following areas for both public and private sectors.

- i) Survey, planning, design and supervision of various civil/building works.
- ii) Project management
- iii) Construction of residential, commercial, industrial buildings/Estates including the necessary infrastructural services.
- iv) General renovation and maintenance.
- v) Land reclamation and landscape schemes.
- vi) Water supply schemes including borehole, pump and power installation, overhead tanks and general reticulation.

COMPANY'S STRATEGY

The strategic thrust of the organization is to utilize multi - disciplinary professional network approach to render integrated engineering and construction services of the best quality at the lowest possible cost. This is achieved by operating as a top-class professional consortium complementing each other's specialties thus, eliminating the inherent duplication of costs in administration, logistics and general overheads etc.

A photograph of two construction workers from behind, wearing white hard hats and high-visibility yellow safety vests over dark clothing. They are standing on a construction site, looking up and pointing their right hands towards a large, modern building with a glass facade. The sky is visible through the glass panels. A blue banner with white text is overlaid at the bottom.

I am pleased to inform you that the Tenders Board of the Federal Roads Maintenance Agency (FERMA) has approved the award of contract for the Maintenance of Numan-Guyuk-Biu Road, to your Company, **Messrs Fieldmark Constr. Limited.**

The contract sum is **₦178,576,618.20** (One hundred and seventy eight Million, five hundred and seventy-six thousand, six hundred and eighteen Naira and twenty kobo) only. The contract period is one (1) year, commencing from 30th September, 2009 and completing same on 29th September, 2010.

You are hereby given Engineer's Order in accordance with Clause 41 of the Standard Conditions of Contract (Road Works) Volume 1 to commence execution of works with immediate effect.

You are to report to the Federal Roads Maintenance Engineer (FRME) Adamawa State who will hand over the site to you.

Please note that this is a fixed type of contract and the Agency will not entertain any request for review of rates. The provision of clause 73 of the Standard Conditions of Contract will not apply to this contract.

In consideration of the unique nature of this project, the following conditions shall apply:

- i. No advance payment will be made in the execution of the works while certified works will be settled upon due certification by the Engineer.*
- ii. You will strictly abide by the established schedule of works contained in the approved Bill of Engineering Measurement and Evaluation (BEME) except as otherwise directed.*
- iii. All Interim Statements for works done monthly or as otherwise directed shall be submitted with Compact Discs (CD) and photographs showing the works before, during and after execution. The amount due for payment will be computed on the basis of the contractual unit rates and programme of works.*
- iv. All interim statements must be accompanied with approved Laboratory test result of materials used in the works.*
- v. A rapid response approach must be applied in the execution of the required works. Any delay in execution of works or sub-standard works shall attract immediate termination of the contract. The contractor by acceptance of this contract award undertakes not to contest the decision of the Agency in this regard.*
- vi. All the necessary safety measures such as provision of safety signs, diversion, etc must be employed during the execution of the works, and in addition, sign boards indicating the name of the client and details of the works must be installed at all work locations.*
- vii. You are required to obtain a Contractors' all risk insurance policy in respect of the project in the joint names of your company and the Agency from a reputable insurance company.*
- viii. You are required to appoint a site Agent who must be a Civil Engineer, registered or registerable with COREN.*

You are required to confirm your acceptance or otherwise of this offer and provide the Agency with the requisite information for the E-payment of works executed under the contract.

This contract award is not transferable in any form whatsoever.

This contract will become void if assigned or transferred in any form whatsoever.

Kindly liaise with the Office of the Legal Adviser/Secretary of the Agency on the preparation and execution of the Contract Agreement.

Dear Sir,

MAINTENANCE REPAIRS BY RETAINERSHIP OF MAIDUGURI-GAJIRAM-
BAGA ROAD CONTRACT NO FRC-08-41

In line with the Agency's Programme on retainership contract the Governing Board of the Federal Roads Maintenance Agency (FERMA) has approved for your company to commence the maintenance of **Maiduguri –Gajiram-Baga Road**.

2. This order to commence work is with effect from 1st November 2007. Your services for the maintenance/repair works will be retained for a period of one (1) year subject to satisfactory performance and progress. The contract will expire on 31st October 2008.
3. Appropriate approved rates will be applied in the execution of works under the programme. Please note that during the retainership period, the Agency will not entertain any request for a review of rates.
4. You are hereby requested to carry out the inspection of the road jointly with the Chief Maintenance Engineer (CME) of **Borno State** (the nominated Engineer's Representative of the project) and submit the following:-
 - (i) Site condition survey and estimates with backups on the Standard Condition Survey Format Form SCSF-01 for the entire stretch of the road within the proposed scope of work in two (2) sets of CD and photographs through the Zonal Director.
 - (ii) Programme of work for the execution of the anticipated scope of works over the period of the retainership within one month from the date of this letter.

5. In consideration of the unique nature of this project, the following conditions shall apply:-

- i. No advance payment will be made in the execution of the works while certified works will be settled upon due certification in accordance with the budgetary provision for the assigned road or as may be otherwise directed.
- ii. You will abide strictly with the budgetary provision made for the project and all established schedule of works contained in the approved BEME except as otherwise directed.
- iii. All Interim Statements for works done monthly or as otherwise directed shall be submitted along with CD and photographs showing the works executed. The amount due for payment will be computed on the basis of the approved unit rates and programme of work.
- iv. A rapid response approach must be applied in the execution of the required works, any delay in execution or sub-standard works shall attract immediate termination of the contract; and the Agency shall not be liable to give reason for its action. The contractor shall undertake not to contest the decision of the Agency in this regard.
- v. All the necessary safety procedures such as provision of safety signs, diversion, etc must be employed during the execution of the works, and in addition, sign boards indicating the name of the Employer and details of the work must be installed at all work locations.
- vi. You are requested to obtain a Contractors' all risk insurance policy in respect of the project in the joint name of your company and the Agency. More information can be obtained through the office of the GM (RSSC).

6. This contract award is not transferable in any form whatsoever.

7. Kindly liaise with the office of the Legal Adviser/Secretary of the Agency on the preparation and execution of the Contract Agreement.

Yours faithfully,

Engr. O.O. Peters
Managing Director/CEO

MAINTENANCE REPAIRS BY RETAINERSHIP OF DAMBA-BIU-NUMAN
ROAD, CONTRACT NO, FRC-C404

In line with the Agency's Programme on retainership contract the Governing Board of the Federal Roads Maintenance Agency (FERMA) has approved for your company to commence the maintenance of **Dambo - Biu - Numan Road**.

2. This order to commence work will take effect two (2) weeks from the date of this letter. Your services for the maintenance/repair works will be retained for a period of one (1) year subject to satisfactory performance and progress.
3. Appropriate approved rates will be applied in the execution of works under the programme. Please note that during the retainership period, the Agency will not entertain any request for a review of rates
4. You are hereby requested to carry out the inspection of the road jointly with the Chief Maintenance Engineer (CME) of **Borno State** (the nominated Engineer's Representative of the project) and submit the following:-
 - i. Site condition survey and estimates with backups on the Standard Condition Survey Format, Form SCSF-01 for the entire stretch of the road within the approved scope of work in two (2) sets of CD and photographs through the Zonal Coordinator.
 - ii. Programme of work for the execution of the anticipated scope of works over the period of the retainership within one month from the date of commencement.
